Better See

This advertisement features a night vision scene with soldiers on horseback. In the foreground, several pieces of electronic equipment, including a large console with a screen and several smaller units, are displayed.

ANOTHER
Motorola
Radio
1st ☆

★ Pioneered and developed exclusively by Motorola Electronics Engineers, this mighty, little 2-Way Radio is fighting for Victory on every important battle front.

Motorola RADIO
GALVIN

This advertisement features a central illustration of a soldier in a helmet using a Motorola radio in a field. The text is arranged in a banner-like format at the top and bottom.

THANK YOU
